## **WARRANT**

### **To the Inhabitants of Dalton, qualified to vote in Town Affairs:**

You are hereby notified to meet at the Town Hall in said Dalton on Tuesday, the 14th day of March next, at 12 o'clock noon to act upon the following subjects. The polls will be open at 12 o'clock and will close at 6 o'clock in the afternoon. The business meeting will open at 7:30 o'clock in the evening.

1. To choose all necessary officers for the year.
2. To see if the Town will vote to give the Selectmen the right to issue temporary loans in anticipation of taxes.
3. To see if the Town will vote to accept the Budget for 1978 as prepared by the Selectmen and appropriate the amount therein or to make any changes.
4. To see if the Town will vote to raise and appropriate the sum of three hundred and thirty dollars (\$330.00) for the purpose of assisting Alpha House so-called, a place where remedial activities are carried on relative to the health of the bodies and minds of the persons who go there for treatment.
5. To see if the Town will vote to give the Selectmen the right at the end of the year to take what money that is left in the Fire Department's Appropriation to put in a Capital Reserve Fund.
6. To see if the Town will vote to exclude from the Social Security Plan service in any class or classes of positions of election officials or election workers for a calendar quarter in which the remuneration paid for such service is less than fifty dollars (\$50.00).
7. To see if the Town will vote to authorize the Board of Selectmen to issue the Warner Cable Company of Berlin, N. H. a franchise to bring Cable TV to Dalton.
8. To see if the Town will vote to authorize the Board of Selectmen to withdraw the sum of twelve thousand dollars (\$12,000) from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 to pay on the Fire Truck Note.
9. To see if the Town will vote to raise and appropriate by notes and bonds, a sum of money not to exceed twenty thousand dollars (\$20,000.00) to buy a new town truck.
10. To see if the Town will vote to raise and appropriate by notes and bonds, a sum of money not to exceed ten thousand four hundred dollars (\$10,400.00) for a new complete plow set.
11. To see if the Town will vote to raise and appropriate a sum of money not to exceed three thousand dollars (\$3,000) to pay a man to man the dump.
12. To see if the Town will vote to raise and appropriate a sum of money not to exceed four thousand four hundred dollars (\$4,400) for a radio system for the town equipment.

13. Shall we adopt the provisions of RSA 72:43-b and 43-c for expanded exemptions on real estate which provide for a resident 65 years of age up to 75 years of age, a \$5,000 exemption; a resident 75 years of age up to 80 years of age, a \$10,000 exemption; a resident 80 years of age or older, a \$20,000 exemption: provided that the resident owns the real estate individually or jointly with another or his spouse with whom he has been living for at least 5 years as a man and wife: said resident had a net income of less than \$7,000 or combined income with spouse less than \$9,000: and owns assets of any kind, tangible or intangible, less bona fide encumbrances, not in excess of the value specified in RSA 72:43-c, 111, provided that the exemptions shall be based upon the assessed value of the real estate. (By Petition).
14. To transact any other business that may legally come before the meeting.

Given under our hands and seals this the 1st day of January 1978

FREDERICK PILOTTE  
RALPH C. BLAKSLEE  
CHARLES J. PACKARD  
Board of Selectmen

A True Copy Attest:

FREDERICK PILOTTE

The Bookmobile came three times bringing us a total of 324 books.

The past year we purchased a four drawer file to be used for pamphlets, bulletins and other material that is difficult to file on the shelves and be able to use it efficiently. So don't neglect the reference file when searching for materials on various subjects.

We received another award for meeting the state standards for library

development. We are open twelve hours a week including two hours on Sunday morning after church. The other hours are as follows: Monday 1:30 to 4:30, Wednesday 1:30 to 4:30, Wednesday evening 6:00 to 8:00 and Saturday 1:30 to 3:30.

We have received several donations of books which have been very welcome. We are glad to get them as long as they are something we can use.

Trustees:

MAY THAYER  
NILA ALDRICH  
SUSAN BEAN

EDITH SWITSER

## REPORT OF POLICE DEPARTMENT

—1977—

It has become apparent that the local citizens must develop an attitude of resistance to crime and enact basic preventative measures that can and will reduce their vulnerabilities to criminal acts. Through citizen participation law enforcement personnel could achieve this goal. This would require perhaps a minute or two of time to make a telephone call to a police dispatcher at 788-4641 or 846-5500. If you have had your property vandalized or burglarized you probably know how important it is to get the basic information as quickly as possible. It is equally as important to get these items reported quickly as an automobile accident in order to prevent the least amount of damage and pain. How many did we have last year? We investigated in excess of 20 cases of burglary, 20 automobile accidents, several larceny cases as well as 1 suicide. For a town of this size this is excessive in my opinion.

For the first time in over 15 years we were asked to submit a budget to the selectmen for consideration. The budget prepared I believe is a reasonable one. The figures were derived by taking an average of the last 4 years expenditures. Figures for time (\$2,525.00) and mileage (\$2,125.00) are basically the same as for the past 2 years. A new 8 frequency mobile radio (\$1,484.00 est.) will be ordered very soon. A down payment was made from the 1977 budget (\$700.00) with one of the older units to be purchased by the fire department for \$700.00 leaving a estimated balance of \$84.00. This will enable communications between the fire and police when these systems are activated. Also budgeted is a new portable unit (\$1,040.00 est.). There is a possibility of outside funding of \$780.00 leaving a balance of approximately \$260.00. If this funding is not available, then we would hold off until the end of the year and use any unexpended funds for a deposit and budget the rest for 1979. The other alternative would be for us to use out of pocket money. Other expenditures include the following: Maintain radar and radio \$150.00, telephone \$100.00, photographic supplies \$75.00, convention/workshops \$175.00, dog control \$250.00, with the balance of \$256.00 going for training, ammunition and other miscellaneous supplies. Going back to the item for dog control/enforcement, this should be done by another person and could be combined with the dump attendant (Proposed). This person could also be utilized to check seasonal property, cemetery work or other odd jobs.

Our thanks to the surrounding towns for their help and cooperation during the past year and we look forward to the same in 1978. Thanks also to the Board of Selectmen for their cooperation and understanding.

Respectfully submitted,  
BRADLEY WHITCOMB, Chief  
Dalton Police Department

## 1978 DALTON PLANNING BOARD REPORT

The Planning Board conducted business as usual during the past year, meeting to review subdivision proposals when necessary.

I thought it would be useful here to outline the correct and lawful procedure for subdividing a parcel of land for re-sale.

Upon notifying the Planning Board of a proposed subdivision, one must present a plan to the Board showing all pertinent information, such as, boundaries, lot size, new roads, prominent land marks, etc. This plan must have the registered seal of the surveyor, architect, engineer or other professional person who prepared said map. After filling out the subdivision application, the Board will review the plan and if approved and upon payment of a \$5.00 fee, the subdivider is free to register the map at the county registry.

In order for a subdivision to be legal, according to the New Hampshire Revised Statutes Annotated, Chapter 36:27, the subdivision must be approved by the town Planning Board. Penalty for transferring lots in an unapproved subdivision is \$500.00 per lot.

If anyone wishes to meet with the Planning Board, please call the secretary or myself.

BOB BARTLE

Chairman, Dalton Planning Board

## **WHITEFIELD REGIONAL AIRPORT COMMISSION REPORT**

This past year the airport was the center for many things that happened. In June the Whitefield Fire Department held a circus for the local people and the area. Also in June, was the completion of the Rust hangar. This hangar is a great improvement to the airport facilities. Although this hangar is owned by Mr. Rust, this gives our airport much needed hangar rental space.

Over the last year, the preliminary discussions and plans were made for a jet fuel system. We hope this system can be installed in the near future.

This last year we were fortunate to have the state of N.H. install a center marker. This is a radio device which is used in an instrumental landing approach.

When the taxi strips were built for the Rust hangar (a donation by Philip Rust, Jr.), the so-called gas shack had to be moved, so this led to the rewiring of the gas pumps and the Shirley Mahn Memorial Hangar which is going to be used in the future as a maintenance hangar.

In July we undertook the project of repairing the flashing beacons that mark Cherry Mountain.

As of December first, due to lack of funds, our F.B.O. (Fixed Based Operator) resigned and we set out to find another F.B.O. under new and revised conditions.

Chairman of the Commission  
CHARLES J. PACKARD  
Commissioner from Dalton, N.H.

## **RAYMOND S. BURTON, EXECUTIVE COUNCILOR DISTRICT ONE**

As Executive Councilor for District One which covers 62% of the State of New Hampshire (102 towns and 3 cities), I am pleased to submit this short report to the citizens of your town.

The Executive Council of New Hampshire is elected from five districts portioned by population. The work of the Council has been described as similar to that of a board of directors for State business. The New Hampshire Constitution provides that the Council shall from time to time advise the Governor in the affairs of State. State law as passed by our General Court mandates much of State government to be acted upon "with the advice and consent of the Council."

Our meetings in the State House Council Chambers are open to the public, and I would welcome having any citizens from our District attend any of the meetings.

The responsibilities of the Governor and Council are so diversified as to defy any attempt at exact classification. Their activities extend to the appointment of certain public officials, to a general supervision over State departments, to State expenditures, to pardon matters and to a variety of other duties . . . State officials and employees, State fiscal matters, pardons, commutations and reprieves, eminent domain and related responsibilities, State contracts and leases, public waters, State industrial and recreational interests and miscellaneous responsibilities.

From time to time, as Councilor if I can be of help to cities, towns, counties, agencies and individuals, I stand ready to do so especially if the problem or concern has to do with State government. However, as many of you know, much of our government, at the local level, is funded by not only local dollars but State and federal monies are many times involved which means that several levels of government are involved. In such cases we must turn to our local town administrative assistants, regional planning commissions, county officials and others for help and guidance.

I can generally be reached by writing or calling my home office (R.F.D. #1, Woodsville, N.H., 03785, telephone, 603-747-3662) or in care of the Executive Council Chambers (State House, Concord, N.H., 03301, telephone 603-271-3632).

## North Country Council, Inc.

In Dalton, NCC attended an Air Pollution Control Commission hearing to testify on behalf of the Town's solid waste disposal program. Provided information on Federal funding programs for a local water construction project.

In 1977, NCC provided the following region-wide services:

**Planning Services:** NCC provides technical assistance to communities in a number of areas such as comprehensive planning, assistance with subdivision regulations, or reviewing development proposals. NCC is always available to meet with any local official, planning board or public body to assist with local planning matters and thirty-five towns have received some type of direct service from the Council.

**Economic Development Grantmanship:** NCC worked closely with the Economic Development Administration of the US Department of Commerce, the Farmers Home Administration, the Bureau of Outdoor Recreation, and HUD to bring a greater amount of financial resources into the Region; this will assist municipalities, local development corporations, and other organizations implement locally developed projects and programs. NCC attempts to be aware of the many federal grant programs that would be relevant to needs of communities in the North Country.

**Preparation of Development Plans:** By working over time to complete components of the Development Plan (in accordance with RSA 36:45), the Council will be in a position to make specific recommendations on how the communities in the Region can develop and prepare for future growth. During 1977, much progress has been made in the areas of Land Use, Housing, and Economic Development.

**Participation in National and State Policies:** NCC responds to opportunities to present a North Country perspective before federal and state agencies. Examples include its presentation to the Regional Town Meeting on transportation sponsored by DOT Secretary Adams; meetings with the Regional representative of the Department of Energy on the potential of wood energy, its role in initiating legislation which permitted the construction of bi-state sewerage treatment plants, and its assistance in developing state legislation permitting town governments to develop and own industrial parks. NCC has also worked with the NH Department of Public Works and Highways to encourage the Department to make improvements to US 302 from Woodsville to Littleton. As a body representative of local government, NCC provides a local response to state initiatives on "208" Water Quality, Solid Waste, and Safe Drinking Water Standards.

**Inquiries, Technical Assistance and Special Reports:** NCC staff is always available to respond to the inquiries and requests of member municipalities. In the last year, the Council has published technical assistance reports on "Model Subdivision Regulations", "Woodsville

Downtown Improvement Summary Report”, “Energy Perspectives in the North Country”, and the “North Country Housing Element.”

**Education and Training Programs:** NCC again co-sponsored the six Municipal Law Lectures in the Fall and the second statewide Annual Meeting of Regional Planning Commission members. A special workshop for applicants of Round II of the Local Public Works Act was held in conjunction with EDA officials from Concord and Philadelphia. “Planning News,” the NCC Newsletter, and a legislative bulletin keep local officials and interested persons informed of planning and development activities.

In 1978, the Council will be available to work with the town and other appropriate groups to help implement some of the recommendations contained in the Plans. Ideas and suggestions on how the Council can be of greater assistance are appreciated. The Council was created by five towns in 1973 and continues to exist as a service agency to the towns. The Council greatly appreciates the support it receives from the towns, knowing that the support will enable it to provide continued service to the area in the future.

Respectfully submitted,  
ROBERT BARTLE  
CARROLL REXFORD  
North Country Council Representatives

**DALTON FIRE DEPARTMENT**  
**Annual Report for the Year Ending December 31, 1977**

The year 1977 was a good year and a bad year for the Fire Department.

The good part being the purchase of a new pumper—1977 GMC-750 Gallon pump with 750 Gallon Booster Tank. This was needed to update the Fire Department to one of the best Fire Departments around.

The bad part of the year was the loss of one of our businesses—a total loss which was rebuilt in 1977. A fire at Forest Lake that destroyed a cottage with a death as result of the fire.

The year of 1977 the Dalton Fire Department had a total of twenty-five calls, the same number as the year 1976.

The following is a comparison of the year 1976-1977.

	1976	1977
Mutual Aid	5	4
Structural Fires	3	2
Automobiles	2	0
Grass Fires	1	3
Chimney Fires	1	3
Flooded Oil Burners	2	1
Explosion Hot Water Tank	0	1
Recall to fire	0	1
Dump	10	10
Train Derailment	1	0
	<hr/> 25	<hr/> 25

I want to thank the Ladies Auxiliary, the Board of Selectmen and the Volunteer Firemen for their support during the year of 1977.

Remember, if you have a fire, call the Fire Department first, then fight the fire. If you have a smoke detector in your home you will sleep a lot better tonight knowing that you have a fire alarm watching over you.

Respectfully,  
RAYMOND BARTLETT  
Chief—Dalton Volunteer Fire Dept.

## REPORT OF DISTRICT FIRE CHIEF AND TOWN FOREST FIRE WARDEN

Forest fire control in New Hampshire is a joint state and town/city responsibility (RSA 224).

The Director, Division of Forests and Lands (State Forester) appoints a forest fire warden and several deputy forest fire wardens in each town/city upon the recommendation of local authorities.

The local forest fire warden is responsible for forest fire prevention and suppression activities in his town. He regulates the kindling of outside fires when the ground is not covered with snow by the issuance of written permits only when conditions are safe. He is responsible for suppression with the town/city and state sharing the cost. Suppression costs in excess of  $\frac{1}{4}$  of 1% of the assessed valuation of the town are assumed by the state.

The state provides training for the local fire organization and helps coordinate activities between towns/cities. The state also supports local forces with backup personnel, equipment, and supplies for suppression and prevention.

This combination of state and local cooperation, started in 1893, works well, for New Hampshire has enjoyed one of the smallest acreage losses due to forest fires in the United States for the past 25 years.

### 1977 Forest Fire Statistics

	No. of Fires	No. of Acres Burned
State N.H.	1,091	2,386
